27. **Conservation Port 1978 Superior 10 year Old** donated by Bill and Sue Odekerkin

- In a wooden presentation box. Wine of Origin Boberg. 04179 of 15 specially bottled magnums. Product Description: It has a tawny character with a lot of nuttiness. A well aged port with intense flavours. Very soft, dry tannins that is very well integrated with the alcohol Soft well balanced with a long lingering aftertaste.

Comment from Derek Ramsden Cape Wine Master - The Port 1978 will be drinking fantastically now with the 1949 Port available on the Nederberg Auction in 2014 it shows the wines pedigree. Last tasted it was still very fruity, rich and sweet full of dried fruits and Christmas cake and lingers on the palate for what seems to be ages. Open, pour carefully and savour a wine that is approaching its 40<sup>th</sup> birthday...

Both these wines must be drunk on the day of opening; they will start to lose their lustre hours after exposure to air.

Veritas Awards 2013 - 2013 Gold KWV Superior Bin B14 Late Bottled Vintage Red Muscadel 1930

Muscadel Magic Submitted by Melvyn Minnaar on 27 May, 2012 - 11:51

The sweetest competition has announced this year's winners. KWV is actively boosting the under-appreciated South African tradition of muscadel wine by focussing on quality and presentation. For this the company scored three top hits in the 10th annual Muscadel SA competition held last week. Platinum awards (gold medallists with outstanding packaging) were made to KWV White Muscadel 2005, Classic Red Muscadel, and 1930 Red Muscadel.

A special treat, of course, is that 1930 oldie from KWV. We salute the guys and girls at KWV for pushing the envelope for muscadel.

Comment from Derek Ramsden Cape Wine Master - South African Ports and Muscadels have a capability to age exceptionally well and the KWV wines are no exception. Kwv has produced incredible Muscadels from times gone by and the 1930 Muscadel is drinking fabulously right now. It will have sediment in the bottle so pouring carefully is recommended but it will be rich, slightly sweet, savoury and tea leaf yet still showing hints of the vibrant fruit it once had. It will be greatly enjoyed and should be shared with fellow enthusiasts.

It is an environmentalist's dream. The products, which include a range of tableware, drinking glasses, vases, jugs and ornamental African animals, are all handmade from recycled glass. Made from glass bottles (wine, coke, mayonnaise. to name a few) gathered from all over Swaziland. Not only are the people of Swaziland encouraged to collect the bottles, but Ngwenya Glass works with the local schools to instil in the children a sense of environmental awareness. In exchange for building materials and the sponsorship of the soccer team, the students must participate in roadside clean-up campaigns. Ngwenya Glass uses old engine oil and KFC oil to run its furnace. This is just another way we are trying to preserve the environment.
